Reading and completing hotel documents

Key points

- Every guest document has an author, a time and a signature.
- Copy identity data from the original document, never from memory.
- Dates and rate must match the booking and the folio.
- The receipt total must equal the payment taken.
- File documents with the shift papers at the end of the day.

FORMULA

Balance due
= Total charges
– Prepayments
– Discounts

81,500 – 28,000 = 53,500 KZT

Document register

Document	Purpose	Prepared by	Stored in
Registration card	Identity, dates, consent	Receptionist	PMS + paper file
Guest folio	Itemised charges and payments	Receptionist	PMS
Fiscal receipt	Proof of payment	Cashier	Register + guest
Key record	Cards issued and returned	Receptionist	Shift log
Shift handover log	Cash, issues, instructions	Outgoing cashier	Log + PMS
Incident report	Shortage, damage, dispute	Any staff member	Incident file

REGISTRATION CARD CHECKS

- ☐ Name matches the ID
- ☐ Dates match the booking
- ☐ Rate and room are correct
- ☐ Guest has signed
- ☐ Consent to data processing recorded

COMMON ERRORS

- Charge posted to the wrong room
- Prepayment not applied
- Receipt issued before the folio is final
- Deposit mixed with revenue

Running the cash desk

Shift procedure

- 1 **Take over:** count cash with the previous cashier; test the register and card terminal.
- 2 **Open the shift** on the register and in the PMS.
- 3 **Operate:** every payment has a receipt and a PMS posting.
- 4 **Bank cash:** move excess to the safe with a signed record.
- 5 **Close:** print the Z-report, compare with the PMS, count cash.
- 6 **Hand over:** complete the log; two signatures.

Deposits held, pcs	4	5
Open folios, rooms	2	3
Cash difference, KZT	0	-2,500

PRACTICE

1. A guest owes 81,500 KZT and has paid 28,000 KZT in advance. How much is due?
2. The guest pays 30,000 in cash. How much by card?
3. What happens to a 10,000 deposit hold?

ANSWERS

1. 53,500 KZT
2. 23,500 KZT
3. Release the hold; it is not revenue.
