PRIVACY: DO

- ☐ Collect only what is needed
- ☐ Record consent with date
- ☐ Authorised access only
- ☐ Correct errors on request

PRIVACY: AVOID

- Card numbers in notes
- ID photos on personal phones
- Sharing details with callers
- Sensitive guesses

PRACTICE

1. Find the duplicate in the table of departures.
2. Decide which profile is the master and why.
3. List three fields to update at check-out.
4. Write one polite, factual note about a guest preference.

ASSESSMENT

Accurate entries • No duplicates • Consent recorded • Notes factual and polite
