1. Introduction

The demonstration examination assesses the professional competences of students of the specialty Hotel Business in conditions as close as possible to the real work of a front office administrator.

The examination checks knowledge, practical skills, service culture, work with hotel documentation and the ability to solve professional tasks.

The duration of the examination is 60 minutes. The examination consists of two parts:

- Part 1. Demonstration of the professional activity of a hotel administrator.
- Part 2. Work with hotel documentation.

2. Assessment overview

Part	Content	Time	Maximum points
Part 1	Practical demonstration: five stages of guest service	30 min	60
Part 2	Documentation: booking confirmation (20 points); shift schedule (20 points)	30 min	40
Total		60 min	100

The examination task models the standard guest service cycle in a hotel, from booking to check-out. All situations are modelled by the examination committee.

Participants

Role	Function
Student	Acts as the front office administrator
Expert	Plays the role of the guest and assesses the performance
Extra (guest)	Supports role-play scenarios where required

3. Description of the project and tasks

3.1 Part 1. Practical demonstration

The student plays the administrator of the front office; the expert plays the guest. The student completes the following stages in sequence.

Stage	Situation	The participant must
Stage 1	Booking by telephone. The guest calls the hotel and wants to book a room.	• Greet the guest and introduce yourself • Ask for the dates of stay and the number of guests • Offer room categories and state the price • Explain the included services • Take the contact details • Confirm the booking and thank the guest

Stage	Situation	The participant must
Stage 2	Check-in. The guest arrives at the hotel.	• Greet the guest • Ask for the surname or booking number • Request the identity document and check the data • Register the guest • Give the room number and the key • Inform about breakfast time and house rules; wish a pleasant stay
Stage 3	Request from an in-house guest. Examples: air conditioning, noise, television, extra towel, taxi.	• Listen to the guest • Be polite and apologise for the inconvenience • Offer a solution and give the time frame • Thank the guest
Stage 4	Informing the guest about the hotel and its surroundings.	• Hotel services, restaurant, conference halls, parking, additional services • Nearby shops, sights, pharmacies, public transport stops, shopping centres
Stage 5	Check-out. The guest completes the stay.	• Greet the guest and ask for the room number • Check the bill and state the amount; take payment • Thank the guest for the stay and ask about service quality • Invite the guest to visit again • Say goodbye according to service standards

3.2 Part 2. Work with documentation

Time: 30 minutes. Maximum: 40 points. The participant completes two tasks.

Task 1. Booking confirmation. The participant receives a booking request (see Appendix A) and prepares a written confirmation for the guest. The confirmation must include:

- hotel name;
- booking number;
- guest full name;
- dates of stay;
- room category;
- number of guests;
- cost of stay;
- terms of stay;
- hotel contact details;
- administrator signature.

Task 2. Shift schedule. The participant prepares a work schedule for the front office staff for one working week, presented as a table.

Given: the hotel employs four administrators (No. 1 to No. 4). The front desk works around the clock: day shift 08:00–20:00 and night shift 20:00–08:00. Every employee must have at least two days off per week.

The schedule must ensure round-the-clock service, distribute the workload evenly and give every employee the required days off.

4. Instructions for participants

The participant must	The participant must not
- follow the rules of business communication - use professional terminology - follow the standards of guest service - follow occupational safety requirements - work independently - keep to the examination time	- use outside help - use mobile devices without the experts' permission - exchange information with other participants - break the examination procedure

5. Assessment scheme

The maximum score is 100 points: Part 1 (guest service) 60 points and Part 2 (documentation and work organisation) 40 points. Penalty points are deducted from the total score.

5.1 Part 1. Observation checklist (15 criteria, 4 points each)
